**CAUTION**  
RISK OF ELECTRIC SHOCK  
DO NOT OPEN

The lightning flash with the arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of "uninsulated dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to a person.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the unit.

## Safety Precautions

Warning: To prevent fire or electric shock, do not expose this appliance to rain or moisture.

---

---

## IMPORTANT SAFEGUARDS

Caution: Please carefully read all of the following important safeguards to ensure safe operation.

### 1. Read Instructions:

All the safety and operating instructions should be read before the appliance is operated.

### 2. Retain Instructions:

The safety and operating instructions should be retained for future reference.

### 3. Follow Instructions:

All operating instructions should be followed.

### 4. Heed Warnings:

All warnings on the unit and the operating instructions should be adhered to.

### 5. Power Source:

The appliance should be connected based on instructions.

### 6. Heat:

Keep the unit away from heat sources such as radiators, refrigerators, stoves or other appliances that may radiate heat.

### 7. Non-use Periods:

The power cord of the unit should be unplugged from the outlet when you do not use it for a long time.

### 8. Damage requiring service:

The unit should be repaired by qualified service personnel in the following cases:

- a. The power plug or cable has been damaged;
- b. Objects have fallen or liquid has been spilled on the appliance;
- c. The appliance has been exposed to rain;
- d. The appliance is functioning abnormally.

# HOW TO USE BLUETOOTH CONNECTION

## Dual Bluetooth Speaker

### SYSTEM A

#### 2 ways to enter or restart BT function

1. Press the " BT " input button on remote control system A
2. Press the " BT " button on top control panel system A

Speaker is in "Bluetooth" mode

#### Auto search and connect

Speaker will enter auto search it will search for the last connected device.

Auto connect to the connected device

The unit will automatically connect to the last connected device that Bluetooth is open with in 20 metres in few seconds.

(Note: If device cannot be connected automatically, press the buttons "PLAY/PAUSE", "PREVIOUS", "NEXT" to activate Bluetooth and re-connect the device.)

When speaker cannot find the last connected device

Speaker can be connected with new device

Use the new device search and connect to "DJ-Y5L A"

#### Successful Connection

The BT connection is completed.

### SYSTEM B

#### 2 ways to enter or restart BT function

1. Press the " BT " input button on remote control system B
2. Press the " BT " button on top control panel system B

Speaker is in "Bluetooth" mode

#### Auto search and connect

Speaker will enter auto search it will search for the last connected device.

Auto connect to the connected device

The unit will automatically connect to the last connected device that Bluetooth is open with in 20 metres in few seconds.

(Note: If device cannot be connected automatically, press the buttons "PLAY/PAUSE", "PREVIOUS", "NEXT" to activate Bluetooth and re-connect the device.)

When speaker cannot find the last connected device

Speaker can be connected with new device

Use the new device search and connect to "DJ-Y5L B"

#### Successful Connection

The BT connection is completed.

## **DISPOSAL OF ELECTRICAL AND ELECTRONIC EQUIPMENT**

This symbol on the product or packaging means that the product should not be treated as household waste. Do not throw garbage at the end of its life, but take it to a collection center for recycling. In this way you will help to protect the environment and be able to prevent any negative consequences that it would have on the environment and human health. To find your nearest collection center:

- Contact local authorities
- Access the website: [www.mmediu.ro](http://www.mmediu.ro)
- Request additional information from the store where you purchased the product.

Semnul fulgerului cu sageata, intr-un triunghi echilateral atentioneaza utilizatorul despre prezenta “voltajului periculos neizolat” in interiorul produsului, care poate fi de o putere suficient de mare pentru a constitui risc de electrocutare pentru o persoana.

Semnul exclamarii in interiorul unui triunghi echilateral este folosit pentru a avertiza utilizatorul despre prezenta unor instructiuni importante de operare si intretinere in literatura care insoteste acest produs.

### Masuri de precautie

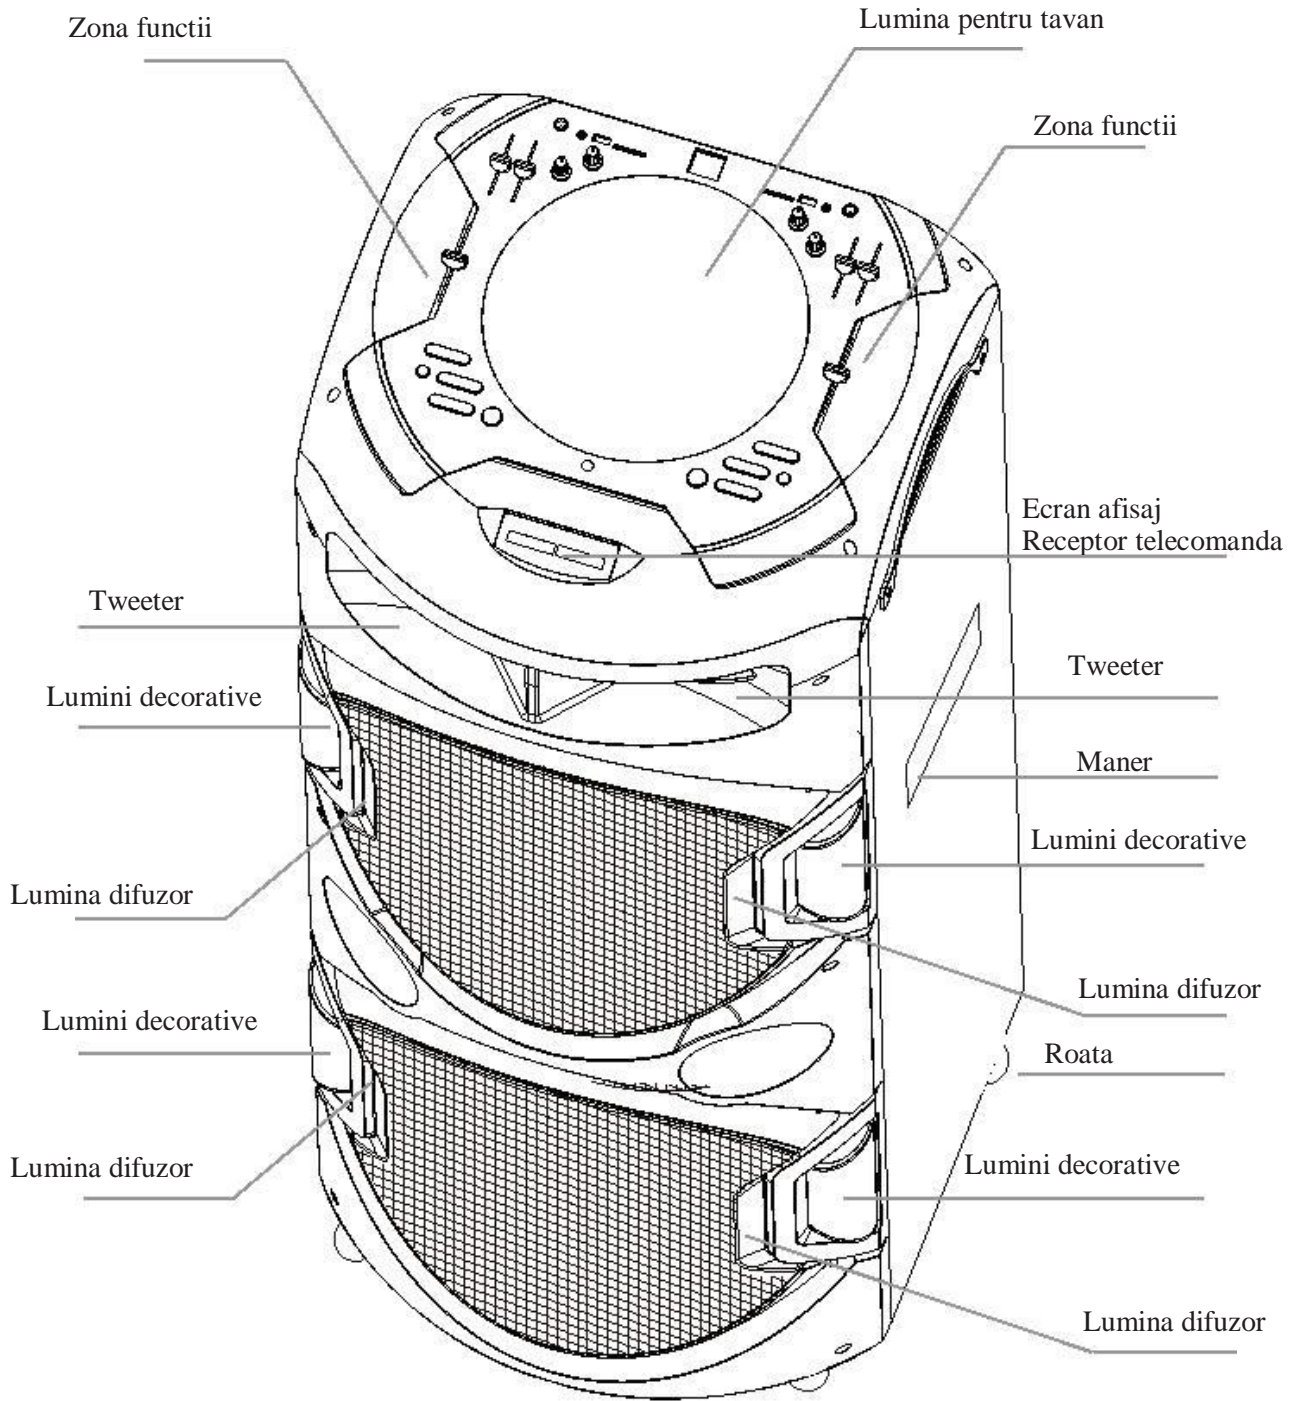

Atentie: Pentru a preveni incendiul sau electrocutarea, nu expuneti aparatul la ploaie sau umezeala.

### MASURI DE SIGURANTA IMPORTANTE

---

Atentie: Va rugam sa cititi cu atentie toate masurile de precautie importante pentru a asigura operarea aparatului in siguranta.

1. Cititi instructiunile:  
Toate instructiunile de siguranta si de operare trebuie citite inainte de a pune aparatul in functiune.
2. Retineti instructiunile:  
Instructiunile de operare si siguranta trebuie pastrate pentru referinte ulterioare.
3. Urmati instructiunile:  
Trebuie sa urmati toate instructiunile de operare.
4. Attentionari:  
Toate attentionarile aflate pe aparat si in instructiunile de operare trebuie respectate.
5. Alimentarea la curent:  
Aparatul trebuie conectat conform instructiunilor.
6. Caldura:  
Tineti aparatul departe de sursele de caldura, cum ar fi radiatoare, frigidere, sobe sau alte aparate care pot radia caldura.
7. Perioade de inactivitate:  
Cablul de alimentare al aparatului trebuie scos din priza atunci cand nu folositi aparatul o perioada indelungata de timp.
8. Defecte care necesita service:  
Unitatea trebuie reparata de personal calificat de service, in urmatoarele cazuri:
  - a. Cablul de alimentare sau mufa sunt defecte;
  - b. Pe aparat au cazut obiecte sau s-a varsat lichid;
  - c. Aparatul a fost expus la ploaie;
  - d. Aparatul nu functioneaza corespunzator.
